

Written examination: 20. December 2025

Course number: 02402

Course name: Statistics (Polytechnical Foundation)

Aids allowed: All printed aids, including books and notes, plus pocket calculator (model TI30XS or TI30XB).

Exam duration: 4 hours.

Format: The exam is 30 questions multiple choice, with possible answers: 1, 2, 3, 4, 5, and 6 (where 6 always refers to the the answer “Don’t know/no answer”). A correct answer gives 5 points, a wrong answer gives –1 point, and “Don’t know/no answer” (6) gives 0 points. It is not allowed to select more than one answer option for a single question. If this happens anyway, 0 points are given for the question.

Instruction: Fill out **this** answer sheet and hand it in when you are done or when the time is up (do **not** hand in the full exam question paper). Select **one** and only one answer per question by completely filling in a circle (e.g.      ) using a **pencil** (do **not** use a pen or permanent marker). Do **not** use checkmarks or crosses to indicate your desired answer. To change an answer erase the previously marked cicle using an eraser and fill another circle leaving only one clearly selected answer. If you do not wish to provide an answer for a question you **must** answer 6 (“Don’t know/no answer”).
